Peace of Mind

Extended Warranty Plans

Juniper Systems offers you two extended warranty plans. Choose the plan that best fits your service needs.

Platinum Plan

Full comprehensive coverage offers you unprecedented value. If it breaks, we'll fix it.

Gold Plan

Enhance and extend the standard product warranty at an economical price.

Peace of Mind – no hidden costs

The power-packed Platinum plan provides bumper to bumper warranty coverage. If your handheld breaks, we fix it or replace it no questions asked. Platinum coverage includes both accidental damage and normal wear and tear from rough, tough operation.

Remain Productive with Rapid Response on Repairs

Downtime is expensive. Maximize your productivity with the Platinum plan's commitment to repair your unit in one day or send you a loaner unit. In mission critical operations, Platinum service

is crucial to your success. The economical Gold plan's three day repair response is up to 70% faster than standard repair response.

Long-term Protection – no short term cutoff on premium service

Both the Platinum and Gold plan offer protection for your handheld up to five years. Be assured as your handheld ages and the risk of failure increases, your handheld is fully protected.

Buy Now – Get two year coverage for the price of one!

Maximize your warranty protection value by purchasing your extended warranty when you buy your handheld. Immediately, your standard warranty is enhanced with all of your purchased plan's coverage options at no extra cost.

Easy to Purchase – designed to fit your budget needs

The choice is yours — buy multiple years of extended warranty coverage, or buy your plan year to year prior to its annual expiration date. Order online or call us for a quote.

Juniper Systems is dedicated to giving you world-class service and support.
